***We need your help: Please Co-Sponsor HR 2733***

Dear Representative **[NAME OF REP]**,

Please contact Congressman Meeks to become a Co-sponsor on Representative Greg Meeks (D-NY) bill, HR 2733, which will nullify SEC Rule 151A. Indexed annuities are insurance products, not securities.

All Americans have seen that the SEC has proven that they are not capable, when it comes to protecting consumers. The Bernie Madoff scandal is the prime example. So, I don't understand why the SEC now finds it's time to regulate a product that has protected literally \$500 billion dollars of client's retirement savings while the stock market has declined in excess of 40% during 2008 – ***and while the Bernie Madoff scandal was brewing!***

This regulation will ultimately harm my business and that of countless others, for no reason whatsoever.

We need congress to act immediately and I, along with many, many others, am counting on your Co-sponsorship!

Sincerely,

**[YOUR NAME]**
