***We need your help: Please Co-Sponsor HR 2733***

Dear Representative **[NAME OF REP]**,

Please contact Congressman Meeks to become a Co-sponsor on Representative Greg Meeks (D-NY) bill, HR 2733, which will nullify SEC Rule 151A. Fixed-Indexed-Annuities are insurance products, not securities.

***I cannot believe that Congress will continue to stand-by idly while the SEC makes a guaranteed insurance product that has guaranteed the principal of so many middle-class-Americans less available for consumers!*** How could this happen after we have seen how incompetent the SEC has been in regulating large investment banks and ponzi-schemes such as Bernie Madoff's. Now is not the time to give the SEC a role in insurance regulation when the SEC should be concentrating on improving the areas it was supposed to be regulating.

If HR 2733 is not passed, then Rule 151A will ultimately harm my business and that of countless others, for no reason whatsoever.

We need congress to act immediately and I, along with many, many others, am counting on your Co-sponsorship!

Sincerely,

**[YOUR NAME]**
